Thear Sir.—For seven or eight years past I have been in poor health, and for the past year or more very feeble. My health continued to decline, and my floch and strength wasted away, until I was unalle to work, or even go my stairs without great exhaustion. I suffered from frequent and distressing sitacks of palpitation of the heart, my food distressed me, causing acidity and pain in the siomach; and I suffered from extreme nervousness, constipation, and debility of the system generally, my blood being thin and poor and singuish in circulation, and I was for years suffering all the tortures of a confirmed dyspeptic. About six months since I concluded I would try a bottle of PERUVIAN SYRUP, and received so much benefit from it that I purchased five bottles more, and have continued the use of the system until quits recently. Neven years ago the past Spring I had a severa attack of Diptheria, which left my limbs parsized and useless, so I was unable to walk or even sit up. Noticing the advertisement of Panuvian Strur I concluded to give it a trial, and to my great joy soon found my health improving. I continued the use of the statur until three bot-tles had been used, and was restored to com-plete result, and have remained so to this day.
